

Transmitting video

Once connected with STARS ELC, you'll receive a text with a link.

Click the link and "allow access" to your location.

Use your device's camera to show the physician the patient.

Receiving video

Once connected with STARS ELC, you'll receive a text with a link.

Click the link and "allow access" to video and your location.

You will see the live video feed of the patient and scene.

## Tips

- Use Wi-Fi whenever possible.
- Ensure your phone is not in power-save mode (see 'Settings').
- Ensure your phone is on speakerphone.
